# Equality Impact Assessment Moss Bank Library

To inform the development of policy  
or service decisions

This form is to be used for recording the Equality Impact Assessment (EIA) of Council activities. EIA is particularly important in supporting the Council to make fair decisions. The Public Sector Equality Duty requires the Council to have regard to the need to eliminate discrimination, harassment and victimisation, advance equality of opportunity and foster good relations.

Using this form will help Council officers to carry out EIA in an effective and transparent way and provide decision-makers with full information on the potential impact of their decisions. The purpose is to avoid inadvertent disadvantage or discrimination resulting from decisions.

EIA is not a fixed process – it will vary according to the scale and type of activity. The form and guidance are designed to cover all eventualities. Officers should not be discouraged by the form but should use their discretion in using it flexibly according to the activity they are assessing.

EIA does not happen at a single point in time. It is an ongoing and integral part of the development of the activity or proposal. This EIA template should be kept open and live as a planning document and updated as the activity or proposal progresses.

Section 149 of the Equality Act states:

*(1) A public authority must, in the exercise of its functions, have due regard to the need to:*

*(a) eliminate discrimination, harassment, victimisation, and any other conduct that is prohibited by or under this Act;*

*(b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;*

*(c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.*

*(2) A person who is not a public authority but who exercises public functions must, in the exercise of those functions, have due regard to the matters mentioned in subsection (1).*

*(3) Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:*

*(a) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;*

*(b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;*

*(c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.*

*(4) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.*

*(5) Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:*

*(a) tackle prejudice, and (b) promote understanding.*

*(6) Compliance with the duties in this section may involve treating some persons more favourably than others; but that is not to be taken as permitting conduct that would otherwise be prohibited by or under this Act.*

*(7) The relevant protected characteristics are: age; disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.*

*(8) A reference to conduct that is prohibited by or under this Act includes a reference to:*

*(a) a breach of an equality clause or rule; (b) a breach of a non-discrimination rule.*

## Section 1 – Service Details and Summary of EIA Activity

<b>Title of activity:</b>	Library Strategy – Moss Bank Library

<p><b>What stage has the EIA reached? This table provides a ‘cover note’ of progress to be maintained as the EIA is developed over time. Note the stage reached and any consultation or engagement carried out. Simple activities may not need all these stages. Provide details of population/individuals affected in Section 2</b></p>		
<b>Stage</b>	<b>Date</b>	<b>Summary of position</b>
<p><b>Stage 1: Initial Officer Assessment. Whole Population likely to be affected identified</b></p>	<p>March 2023</p>	<p>The draft Library Strategy proposes that Moss Bank Library will remain open as the library serving the North St Helens locality, however the opening hours for this library are proposed to change and this will form part of the consultation process.</p> <p>The change to opening hours is likely to impact on all current and future users and any person who wishes to access its library provision, whether they live in the community or elsewhere within the Borough. Although it is proposed that Moss Bank Library will no longer be open until 7pm on Mondays or until 1pm on Saturdays, there will be an increase in hours on Tuesdays and Thursdays which will give more choice to the user who regularly visits on those days and provides more options for those who will lose the option of visiting on Monday evenings and/or Saturdays.</p> <p>Alternative library provision will be signposted to service users to inform them that both St Helens and Newton Libraries will be open 10am to 7pm on Mondays and 10am to 1pm on Saturdays and that library provision is available after school/work and at weekends. The digital library service is also available 24/7 with access to e-books/audio/newspapers/magazines.</p>
<p><b>Stage 2: Further Assessment. Target Population likely to be affected identified</b></p>	<p>March 2023</p>	<p>There is no evidence that there will be a detrimental impact of the change to opening hours for people with protected characteristics. There are no groups with protected characteristics meeting at the times the opening hours are proposed to reduce.</p> <p>There is an acknowledgement that the change to opening hours will inconvenience users, both those with protected characteristics and those without.</p> <p>Alternative library provision will be signposted to service users to inform them that both St Helens and Newton Libraries will be open 10am to 7pm on Mondays and 10am to 1pm on Saturdays and that library provision is</p>

<b>Stage 3: Further Assessment. Individuals likely to be affected identified</b>	September 2023	<p>Performance information indicates low usage during the affected opening hours, however consultation has identified there will be a detrimental impact on individuals who share these protected characteristics:</p> <p>Respondents to the consultation survey of working age (25 to 44 from the on-street survey and 25 to 54 from the open survey) disagreed most with the proposals to change opening hours.<sup>1</sup></p>																																																																																																		
<b>Stage 4: Analysis of Findings</b>	September 2023	<p>32% of respondents to the consultation survey who are active users of Moss Bank Library disagree with the proposals to change opening hours.</p> <p><b>Agreement with proposals (active users*)</b></p> <table border="1"> <caption>Agreement with proposals (active users*)</caption> <thead> <tr> <th>Location</th> <th>Strongly agree</th> <th>Agree</th> <th>Neither agree nor disagree</th> <th>Disagree</th> <th>Strongly disagree</th> <th>Don't know</th> </tr> </thead> <tbody> <tr> <td>Garswood</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>4%</td> <td>95%</td> <td>0%</td> </tr> <tr> <td>Billinge (*lapsed users)</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>9%</td> <td>84%</td> <td>0%</td> </tr> <tr> <td>Rainhill</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>2%</td> <td>96%</td> <td>0%</td> </tr> <tr> <td>Rainford</td> <td>0%</td> <td>2%</td> <td>0%</td> <td>0%</td> <td>93%</td> <td>0%</td> </tr> <tr> <td>Parr</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>9%</td> <td>87%</td> <td>0%</td> </tr> <tr> <td>Peter Street</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>22%</td> <td>58%</td> <td>0%</td> </tr> <tr> <td>Chester Lane</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>25%</td> <td>20%</td> <td>0%</td> </tr> <tr> <td>Eccleston</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>29%</td> <td>25%</td> <td>0%</td> </tr> <tr> <td>Thatto Heath</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>16%</td> <td>21%</td> <td>0%</td> </tr> <tr> <td>Haydock</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>24%</td> <td>19%</td> <td>0%</td> </tr> <tr> <td>Moss Bank</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>11%</td> <td>21%</td> <td>0%</td> </tr> <tr> <td>St Helens Library</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>11%</td> <td>6%</td> <td>0%</td> </tr> <tr> <td>Newton-le-Willows</td> <td>0%</td> <td>0%</td> <td>0%</td> <td>4%</td> <td>3%</td> <td>0%</td> </tr> </tbody> </table>	Location	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	Don't know	Garswood	0%	0%	0%	4%	95%	0%	Billinge (*lapsed users)	0%	0%	0%	9%	84%	0%	Rainhill	0%	0%	0%	2%	96%	0%	Rainford	0%	2%	0%	0%	93%	0%	Parr	0%	0%	0%	9%	87%	0%	Peter Street	0%	0%	0%	22%	58%	0%	Chester Lane	0%	0%	0%	25%	20%	0%	Eccleston	0%	0%	0%	29%	25%	0%	Thatto Heath	0%	0%	0%	16%	21%	0%	Haydock	0%	0%	0%	24%	19%	0%	Moss Bank	0%	0%	0%	11%	21%	0%	St Helens Library	0%	0%	0%	11%	6%	0%	Newton-le-Willows	0%	0%	0%	4%	3%	0%

**What Council proposal is being assessed? (including the main purpose and aims)**

St Helens Borough Council’s statutory Library Service currently operates 13 libraries, as well as the Archive Service, Home Delivery and Schools Library Services.

At present only 11 libraries are accessible by the public as Billinge Library has been closed since 2020 due to the condition of the building and the landlord of Peter Street Library terminated the lease as of 31<sup>st</sup> March 2023. Library buildings are geographically spread across the borough with opening hours ranging between 8 to 36 hours per week. Performance data demonstrates that there are certain times in the day and certain days of the week when visitor numbers are low. The library buildings themselves range in quality, many fail to meet customer expectations and the standards expected of a modern service.

The draft Library Strategy and Delivery Plan outlines how the service is expected to transform over the next five years, with outcomes focussed on increasing access to digital services, expanding outreach activity in partnership and offering the Home Delivery Library Service to children and adults with medical issues preventing them from using a library. The strategy also outlines a reduction in the number of library buildings and changes to library opening hours. Although Moss Bank Library is proposed to stay open, its opening hours are proposed to change, increasing by 2 hours per week, although there will no longer be access in an evening or on a Saturday (highlighted in orange):

<b>Moss Bank Library</b>	<b>Current: 26 hours per week</b>	<b>Proposed: 28 hours per week</b>
Monday	10am – 7pm	10am – 5pm
Tuesday	10am – 1pm	10am – 5pm
Wednesday	Closed all day	Closed all day
Thursday	1pm – 5pm	10am – 5pm
Friday	10am – 5pm	10am – 5pm
Saturday	10am – 1pm	Closed all day
Sunday	Closed all day	Closed all day

This Equality Impact Assessment considers the impact the change to opening hours will have on those with protected characteristics. It will also consider how any identified impacts can be mitigated through the provision of alternative services or by helping those with protected characteristics to engage in alternative library venues.

**In relation to the proposal being assessed, please set out the following.**

- 1 What must the LA provide under statute?**
- 2 Any discretionary element of provision?**
- 3. What is currently provided under that discretion?**
- 4. What could change as a result of the proposal and how could it change?**
- 5. What is being consulted on?**

### 1. What must the LA provide under statute?

Local authorities (unitary, county or metropolitan borough councils) have a statutory duty under the Public Libraries and Museums Act 1964, 'to provide a comprehensive and efficient library service for all persons' for all those who live, work or study in the area (section 7). In providing this service Local Authorities must, among other things:

- encourage both adults and children to make full use of the library service (section 7(2)(b))
- lend books and other printed material free of charge for those who live, work or study in the area (in accordance with section 8(3))
- 

### 2. Any discretionary element of provision?

The statutory duty referred to above is not prescriptive in how local authorities should provide their library services or when they should be open, although library buildings in St Helens enable adults and children to access books and other resources free of charge. For this reason, the delivery mechanisms and geographical spread of service provision is discretionary in nature.

The St Helens Borough Library service offers a number of discretionary elements of provision outlined at point 3.

### 3. What is currently provided under that discretion?

The statutory Library Service in St Helens provides discretionary elements of provision these include events and activities such as Read and Rhyme times, and Reading Groups, free access to Wi-Fi and computers, Digital Library Service, Home Delivery and Schools Library Services as well as the Cultural Hubs Arts in Libraries programme. This discretionary provision supports Borough priorities and tackles inequalities, for example developing speech, language and communication skills in young children.

<b>Moss Bank Library</b>	<b>Current: 26 hours per week</b>

Tuesday	10am – 1pm
Wednesday	Closed all day
Thursday	1pm – 5pm
Friday	10am – 5pm
Saturday	10am – 1pm
Sunday	Closed all day

### 4. What could change as a result of the proposal and how could it change?

The draft Library Strategy and Delivery Plan 2023-2028 sets out proposals to deliver a revised statutory library provision by retaining 7 libraries and closing 6, as well as changing opening hours. The proposed library closures have been chosen to reflect the Council's Locality model adopted in March 2021. Each locality will have statutory library provision focused in the area of greatest need. This need has been assessed and is based on a set of key indicators. If more than one library currently operates in the locality, then the library serving the greatest need will stay open, however its opening hours may change.

<b>Moss Bank Library</b>	<b>Current: 26 hours per week</b>	<b>Proposed: 28 hours per week</b>
Monday	10am – 7pm	10am – 5pm
Tuesday	10am – 1pm	10am – 5pm
Wednesday	Closed all day	Closed all day
Thursday	1pm – 5pm	10am – 5pm
Friday	10am – 5pm	10am – 5pm
Saturday	10am – 1pm	Closed all day
Sunday	Closed all day	Closed all day

Need has been determined (see table below) through the assessment of:

- Educational Attainment
- Health Inequalities
- Deprivation
- Community Safety
- Population Demographics (high concentrations of young people or older people)

Eccleston	Eccleston Library	1	2	1	2	4	15	25

Residents will be able to access library provision from any of the 7 remaining statutory libraries across the borough, or any library across the City Region through the Library Light scheme. The purpose of this methodology was to enable the Council to target its resources at those areas with greatest needs.

In addition, the strategy also adopts a desire to empower and enable residents to manage and deliver services in areas where there is capacity and community support to do so. A Community Managed Library model is therefore an option for some residents to consider.

### 5. What is being consulted on?

The draft Library Strategy which contains a proposal to close 6 libraries and change the opening hours of the libraries it continues to operate, as part of a move to a localities model of delivery.

**Details of the activity (including the main purpose and aims)**

To adopt the draft Library Strategy and Delivery Plan 2023-2028 that proposes to change the current delivery mechanism and current statutory provision by reducing the number of library buildings from 13 to 7, amend opening hours and developing the outreach and digital offer. In addition, the draft Library Strategy and Delivery Plan 2023-2028 supports the development of a Community Managed Library model to complement the revised statutory provision.

The approach of the draft Library Strategy aligns to the Council's Locality model that aims to establish the right service mix in each locality to suit local needs. A locality approach ensures that services are relevant, addresses local need by targeting resources to where they are needed most and offers the opportunity to collaborate with partners at a local level to explore alternative delivery methods.

Where there is more than one statutory library in a locality the service has analysed socioeconomic data to identify the location in the area of greatest need. The socioeconomic data included the consideration of health inequality, equality, diversity and inclusion.

At present, operating hours in some libraries are limited therefore in addition to the location choice, the opening times have also been reviewed using library performance data, to ensure the proposed 7 statutory libraries are open at optimal times.

The public consultation in 2023 enabled residents to feedback about both the proposed library closures and the revised opening times and enabled individuals and groups to outline the impact this will have on them.

**Who will be affected by the activity?**

**Provide details of the groups and numbers of people affected below, updating the table as the EIA develops and the understanding of who will be affected emerges in more detail.**

**Whole population**

Moss Bank Library is a universal service available for anyone to use with or without library membership. Although the proposal is to keep this library open, its opening hours are proposed to change, with longer opening hours on Tuesdays and Thursdays, but reductions in opening hours on Monday evenings and Saturdays.

The proposals will result in a reduction in the number of posts in the library staffing structure and therefore, potential redundancies. Library staff and trade unions are being fully consulted on the proposals and dealt with/supported in accordance with the Council's Policies and Procedures. Every effort will be made to avoid compulsory redundancies.

As the number of library buildings will be reduced, a small number of facilities management staff including cleaners, may be affected by the proposals. Given demands within the council, it is anticipated that redeployment opportunities will be offered to all staff involved.

Under St Helens Borough Council's Redundancy Policy

- Selection for redundancy is based on clear, fair, and justifiable criteria set out within, selection is not based on age related criteria.
- Members and Officers making decisions on redundancy must ensure that their decisions are free from the influence of discrimination or prejudicial bias because of protected characteristics.
- St Helens Borough Council's redundancy payments are based on age and length of service criteria. This is not 'unlawful' as the criteria mirror the payments that are set out in a statutory scheme and are therefore exempt from age discrimination legislation.

### Library performance

Moss Bank Library was opened at its current site in 2013, as a replacement for the original Library which had been set up in a former Council house in 1956.

Visits to Moss Bank Library on Monday  
(April 2022 - March 2023)

The impact of reducing opening hours on both Monday evening and on Saturdays is low, given the performance information above demonstrates that the majority of visits to Moss Bank library are between the hours of 10am – 5pm, Monday to Friday.

## Disability

The Library Service does not hold full and comprehensive data on the disability needs of its members and wider customer base. The Library Membership form asks residents to provide this information, however there is no obligation to disclose this. Therefore, we will use the most recent ward statistics as a proxy to better reflect the current and potential users of the service that may hold this protected characteristic.

**Gender reassignment**

The Library Service does not collect Gender Reassignment membership data. Therefore, we will use the most recent population statistics as a proxy to better reflect the current and potential users of the service that may hold this protected characteristic.

The 2021 Census shows that 0.36% of people aged 16 and over in St Helens Borough had a gender identity different to the sex registered for them at birth. This compares to 0.54% for England and Wales. The table below shows a breakdown of the answers to the Census 2021 Gender Identity question for the St Helens Population aged 16 years and over.

Census 2021 St Helens Population Gender Identity Data	Percentage
Gender identity the same as sex registered at birth	95.48%
Gender identity different from sex registered at birth, but no specific identity given	0.17%
Trans woman	0.06%
Trans man	0.08%
Non-binary	0.03%
All other gender identities	0.02%
Gender identity not answered	4.15%

### Marriage and civil partnership

The Library Service does not collect Marriage and civil partnership membership data.

### Pregnancy and Maternity

The Library Service does not collect pregnancy membership data.

### Race

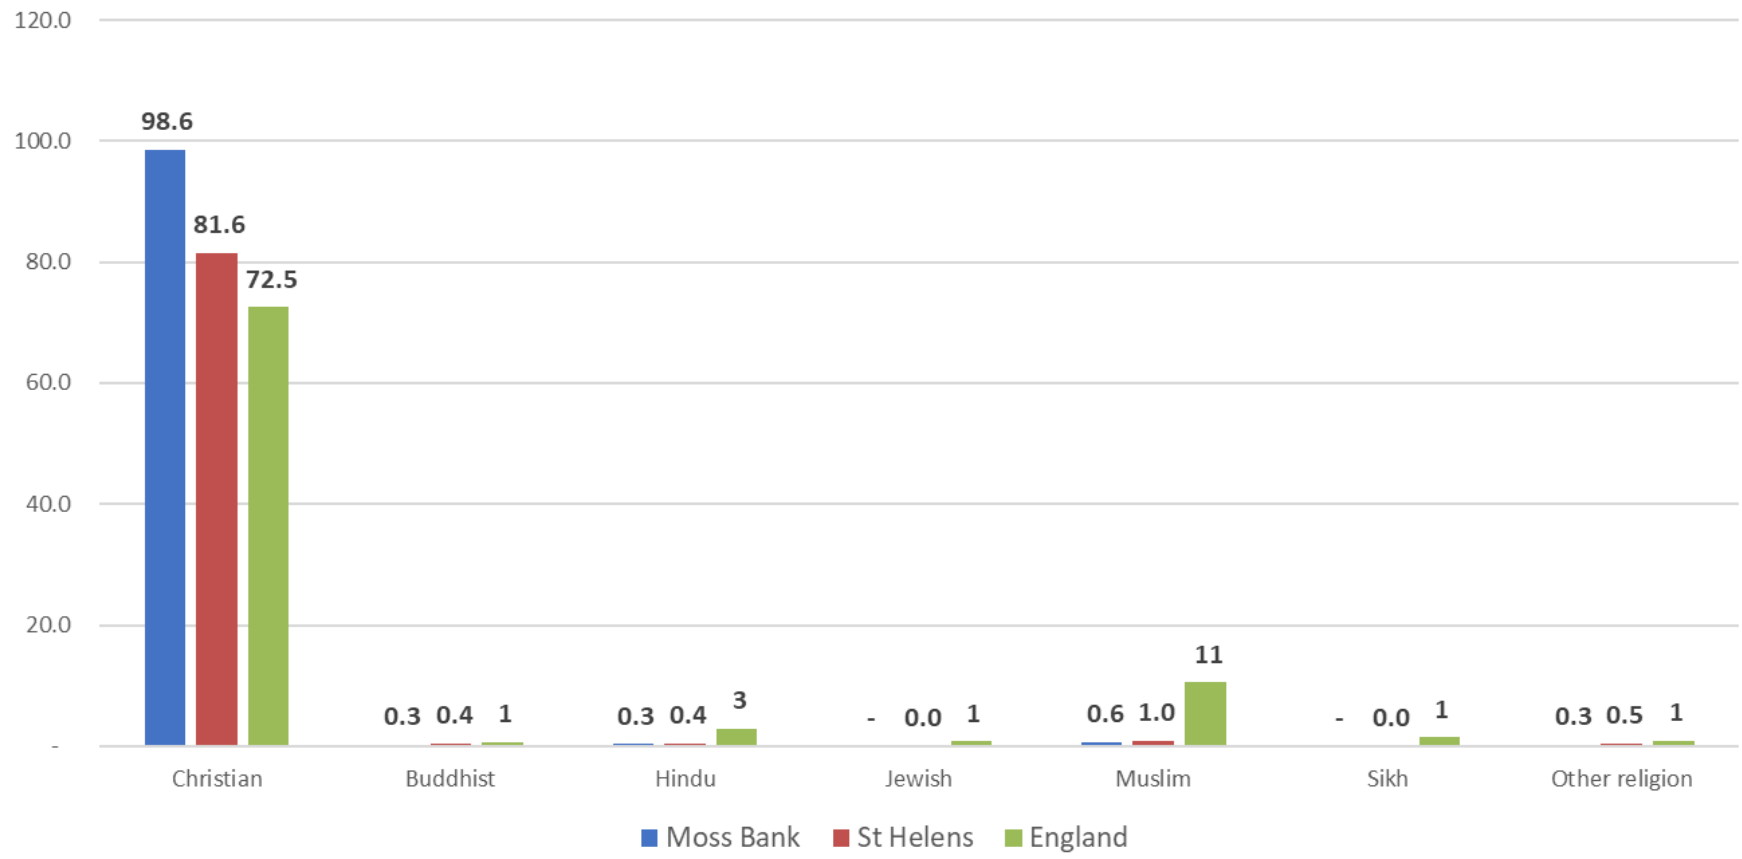

The Library Service does not hold full and comprehensive data on the race of its members and wider customer base. The Library Membership form asks residents to provide this information, however there is no obligation to disclose this. Therefore, we will use the most recent ward statistics as a proxy to better reflect the current and potential users of the service that may hold this protected characteristic.

### Religion and Belief

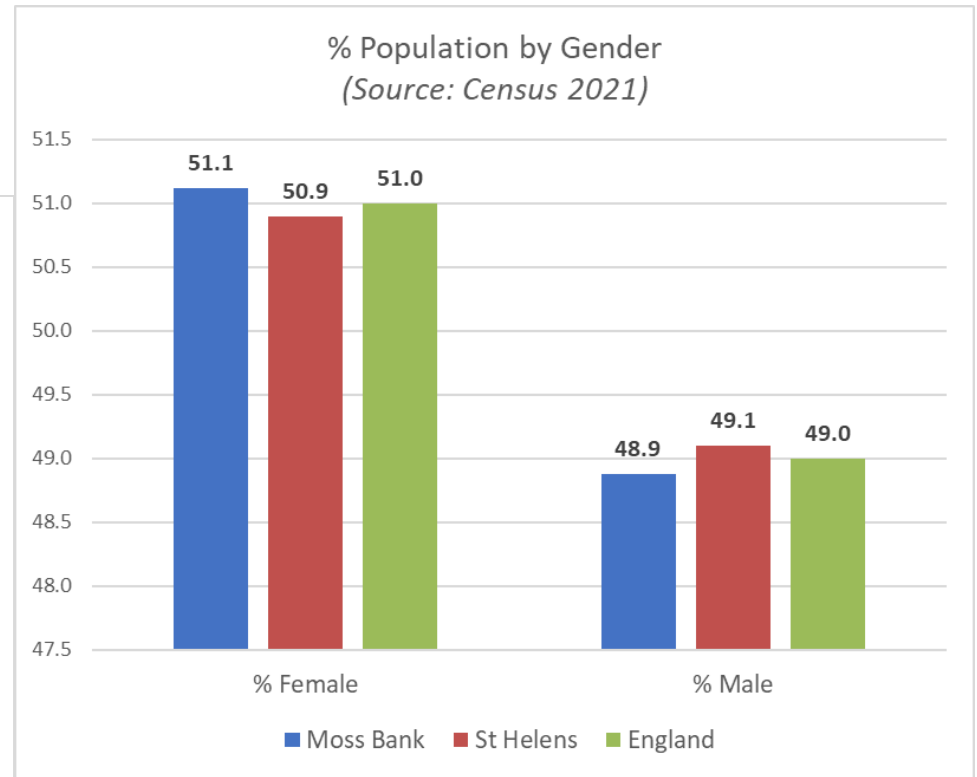

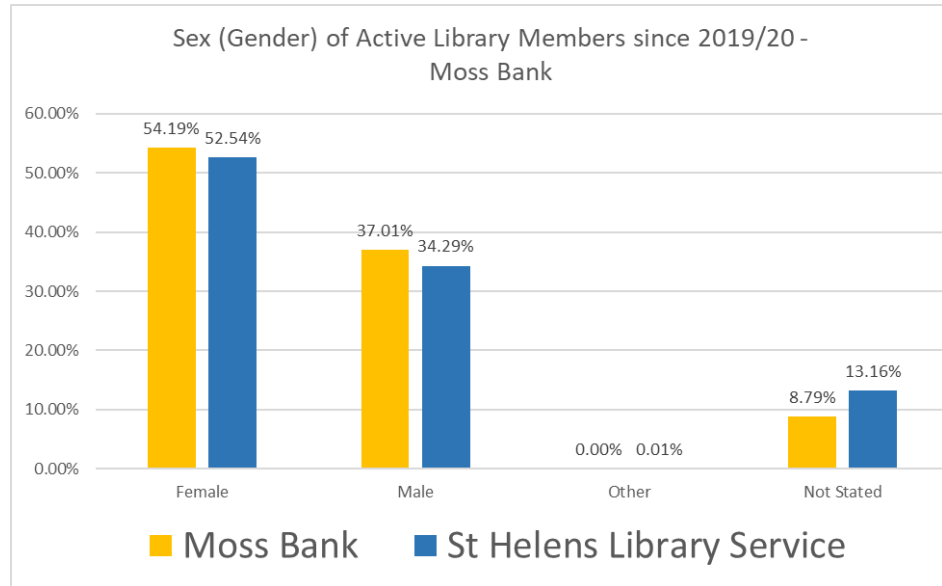

The Library Service does not collect religion membership data. Therefore, we will use the most recent ward statistics as a proxy to better reflect the current and potential users of the service that may hold this protected characteristic.

**Sex (sometimes referred to as gender)**

**Sexual Orientation**

The Library Service does not collect sexual orientation membership data. Therefore, we will use the most recent Census statistics as a proxy to better reflect the current and potential users of the service that may hold this protected characteristic.

The 2021 Census shows that 2.7% of the Borough population aged 16 years and over recorded an LGB+ orientation (“gay or lesbian”, “bisexual”, or other sexual orientation). This compares to 3.16% for England and Wales

The table below shows a breakdown of the answers to the Census 2021 Sexual Orientation question for the St Helens Population aged 16 years and over.

<b>Census 2021 St Helens Population Sexual Orientation Data</b>	<b>Percentage</b>
Straight or Heterosexual	91.84%
Gay or Lesbian	1.60%
Bisexual	0.89%
Pansexual	0.15%
Asexual	0.05%
All other sexual orientations	0.01%
Gender identity not answered	5.46%

At this initial stage of the equality impact assessment, affected individuals cannot be identified beyond the broad groups summarised in this document. This is due to the equality impact section of library membership forms not always completed fully as residents choose not to disclose this information.

**What data, research and other evidence or information is available which is relevant to the EIA?**

## Section 4: Engagement Decision

The decision about who to engage with, and how and when to engage, is the key to effective EIA.

<b>Is engagement with affected people with Protected Characteristics required, now or during the further development of the activity?</b>	<b>Yes</b>
<b>If YES, proceed to the next section. If NO, briefly summarise below the reasons why you have reached this conclusion.</b>	
<b>Consultation and engagement Plan:</b> A 12-week consultation has taken place in 2023 with residents, communities and key stakeholders to enable the impact of the proposed library closures and the changes to library opening hours to be considered. This includes engagement with groups who use Moss Bank Library that will potentially be impacted by the change in opening hours.	

Any reports to decision-makers during the development of the activity, for example feasibility or options appraisal reports, should include content on the latest thinking and findings of the EIA even though, like the activity, further development of the EIA may be required before final reporting.

The findings of the officer assessment should be included in any reports to decision-makers. These may be feasibility or options appraisal reports where the activity is at an early stage of development, but it is essential that any equality findings are considered in formal decisions at all stages of development of the activity.

## Section 5 – Involvement and Engagement Planning

<b>Has the assessment shown that the activity will treat any groups of people with Protected Characteristics differently from other people?</b>
<b>Yes</b>  <b>Working Age</b>
<b>Will the differential treatment advance equality for people with Protected Characteristics?</b>
<b>No</b>
<b>Will the differential treatment cause or increase disadvantage for people with Protected Characteristics?</b>
<b>If yes, please state which groups and how.</b> <b>Working Age</b> The general outcome of the consultation across the library service indicates that... “Those respondents of working age (25 to 44 from the on-street survey and 25 to 54 from the open survey) disagreed most with the opening hours.” <sup>7</sup> <b>Children and Young People</b> The general outcome of the consultation states for those who disagree to the proposed changes show many feel the loss of “after school and weekend opening times will be detrimental to their children’s development.” <sup>8</sup>

## **Section 6: Engagement Findings – Continued**

Drawing on the engagement findings and your understanding of the effects of the activity, indicate how it will contribute, if at all, to the three strands of the Public Sector Equality Duty.

### **a) How will the proposal help to eliminate discrimination, harassment, and victimisation?**

The process has highlighted that people who share the protected characteristic: age (younger and working aged people) will be negatively impacted upon by this proposal.

However, the strategy will seek to address inequalities by distributing provision across the borough where possible locating where it is best placed to serve areas of greatest need within borough and so seek to tackle and eliminate discrimination, harassment, and victimisation. We will also mitigate any negative impact for those community members who share protected characteristics, as detailed within the assessment.

### **b) How will the proposal help to advance equality of opportunity?**

The process has highlighted that people who share the protected characteristic: age (younger and working aged people) will be negatively impacted upon by this proposal.

However, the strategy will seek to address inequalities by distributing provision across the borough where possible, locating where it is best placed to serve areas of greatest need within borough and so help to advance equality of opportunity. We will promote detailed information on how to access Library Services both digital and physical.

### **c) How will the proposal help to foster good relations?**

The process has highlighted that people who share the protected characteristic: age (younger and working aged people) will be negatively impacted upon by this proposal.

However, the strategy will seek to address inequalities by distributing provision across the borough where possible, locating where it is best placed to serve areas of greatest need within borough and help to foster good relations.

**During the engagement process were there any suggestions on how to avoid, minimise or mitigate any negative impacts? If so, please give details.**

### **Charging for Services / activities and hires**

- The Library Service already charges for some services. Moss Bank Library does not currently have a community room.

### **Improved home delivery service**

- Following public consultation, the strategy is being updated to increase capacity within the Home Delivery Library service.
- Explore the viability of delivering a book loan service to care settings within the borough.

### **Sharing buildings/ facilities with other users / purposes**

- The Library Strategy contains a stated aim to relocate libraries to buildings where they are collocated with both other Council Services and those of partners.

### **Improved parking (particularly St.Helens Library at The World of Glass)**

- The concerns of respondents regarding the car parking arrangement at the World of Glass will be fed back to the buildings managers as this is not within the gift of the Council.
- The importance of car parking facilities is defined within the strategy and will be addressed as opportunities arise at those sites to be retained.

### **Improved Public Transport**

- The finding of this consultation will be shared with the Merseyside Transport Authority to help shape their Public Transport Strategy
- Provide detailed advice on Public Transport Routes and availability to customers of Libraries that will close to help them access other libraries

### **Better Digital Services**

- Review the digital offer to improve accessibility and focus on demand.
- Upgrade Wi-fi and public access computers at the libraries being retained.
- Seek to identify community locations in communities served by libraries that will close where the service can deliver Digital and Information Literacy
- To increase the range of IT devices, particularly touch screen, available to the public within Libraries
- Work with city region partners to deliver the LCR Digital Inclusion Plan

## Section 7 – Reporting of Findings and Recommendations to Decision Makers

The findings of the EIA may be reported to decision-makers at several stages during the development of an activity. For example, the initial officer assessment findings may be included in a feasibility report or options appraisal to be considered by the Transformation Board or Chief Officers' Executive.

Any report on formal decisions by the Cabinet or Council should include the latest findings of the EIA, even if these are at a relatively early stage. The report recommending final approval of the activity should await and include the findings of the completed EIA. The report should clearly present the impacts that have been identified through the engagement process, including potential cumulative impacts.

The report may include recommendations based on the findings of the EIA, but these should be separate from the reporting of impacts. Recommendations will be developed separately from the EIA and arise from considering equalities impacts combined with other aspects of the activity such as finance, the benefits of the activity, and so on.

Based on the EIA findings, the report may consider the options in the table below, but the report must contain a clear statement of the impacts so that decision-makers can understand the effects of the decision that is being recommended.

<b>What does the review of the information show?</b>	
<b>a)</b>	<b><del>No negative impact on people because of their Protected Characteristics – continue with the activity and monitor progress on implementation</del></b>
<b>b)</b>	<b>Negative impact identified – recommend continuing with the activity; clearly specify the people affected and the impacts, and providing reasons and supporting evidence for the decision to continue</b>
<b>c)</b>	<b><del>Negative impact identified – adjust the activity in light of the identified impact to avoid, minimise or mitigate the impact</del></b>
<b>d)</b>	<b><del>Negative impact identified – stop activity and provide an explanation why</del></b>

## Section 8 – Action Plan and Performance Management

The report to decision-makers, and the decision made may require actions to be taken to avoid, minimise or mitigate the negative impacts of the activity.

Any actions to address equalities impacts should be listed below, with performance management review proposals, to complete the full EIA.
